

# MEET THE CLASSMATES

Revised February 27, 2010

I have started featuring members of our class in our newsletter in a section called, "MEET OUR CLASSMATES". The purpose is so that we can learn a little bit about each other just for the fun of it. It also serves to create a warm and inviting environment for others who have not yet visited our class, but are reading our newsletters.

So, I created this form to collect fun information about you. Of course, no personal address information will be published. That type of information is only for our class records. **Only items that are \* will be used for Meet the Classmates.**

The form also has an area where you can express your interest in participating in events and outings. The purpose here is to compile a general consensus of the interest of the class. I have put some general events and outings that I have seen and thought may be of interest to you. Some of these may be appropriate for a few classmate; some for the whole class, and some for the church wide adult ministry. The purpose is for you to share what you would enjoy doing together.

If you would be willing to share some fun information about yourself for the newsletter and / or share any interest you may have in group outings, please fill out this form and give it back to your group leader.

\* **Name:** \_\_\_\_\_  
Address: \_\_\_\_\_  
Phone: \_\_\_\_\_
